MESSAGE TO MR. HEMANT SHAH
FROM THE PREMIER OF MANITOBA

Congratulations on receiving the Hind Rattan Award! A tremendous honour has been bestowed upon you by the NRI Welfare Society of India. This organization has formally recognized the tremendous value of your work in strengthening economic and social ties between India and Canada.

I would like to take this opportunity to join this prestigious group in recognizing your outstanding contribution. In being the first Manitoban to receive this award, you have also brought great honour to our province.

You deserve to feel a sense of pride in your accomplishment. As Manitobans, we are proud to call you one of our own. Manitoba and Canada have been built upon the spirit that you continue to demonstrate. It is very gratifying to see that despite so many changes in our society, the Manitoba spirit of achievement lives on through the efforts of people like you.

We have long valued our excellent relationship with the people of India as well as the major role that Manitobans like you have played in creating our province's successes. On behalf of the people and Government of Manitoba, congratulations once again!

A handwritten signature in cursive script that reads "Gary Filmon".
